A NOTE OF THANKS & CONGRATULATIONS

On behalf of the Inclusion & Diversity Committee, I wanted to extend our warmest thanks and appreciation for your presence at the recent Employee Awards and Recognition Reception. I hope you took the opportunity to meet someone new, learn more about some of the tremendous accomplishments of co-workers, and just have some fun!

We also heard from more than 100 of you about what you enjoyed, what was rewarding, and what we could improve for future events. As the Committee continues its work, we will certainly take your feedback into account, and we anticipate there being more events and opportunities to come.

And finally, I hope you'll join me in extending congratulations to each of the award winners across our departments (see next column). Thank you for everything you do!

The VP for Finance and CFO has recently launched a new web page at vpfin.vt.edu. The site will house some key information about each VPF reporting unit, provide an overview of the scope of our responsibilities, and showcase some of our key initiatives that previously were not easy to find online. These include things like the rotational internship and fellowship programs, key news and announcements, inclusion and diversity initiatives, previous newsletters and employee spotlight features, and more.

Check out the page, and let us know what you think! And please share any news, announcements, or suggestions you have for the site.
